**EVWD/AWWAF PERCHLORATE PROJECT AWARDS**

August 26, 1998

"Application of Bioreactor Systems to low-Concentration Perchlorate Contaminated Water,"  
First Award to Dr. Bruce Rittmann of Northwestern University with Montgomery Watson.

"Application of Bioreactor Systems to low-Concentration Perchlorate Contaminated Water,"  
Second Award to Dr. Bruce Logan of Pennsylvania State University.

"Treatability of Perchlorate-Containing Waters by Reverse Osmosis and Nanofiltration," Award  
to Dr. Gary Amy of the University of Colorado at Boulder with the National Institute of  
Technology and Standards, and Metropolitan Water District of Southern California.

"The Treatability of Perchlorate in Groundwater Using Ion Exchange Technology," Award still  
pending.

"Removal of Perchlorate and Bromate in Conventional Ozone/GAC Systems," Award to Dr.  
Vern Snoeyink of the University of Illinois at Champaign-Urbana with the Metropolitan Water  
District of Southern California.

"Investigation of Methods for Perchlorate Destruction in Aqueous Waste Streams," First Award  
to Dr. Fred Cannon of Pennsylvania State University.

"Investigation of Methods for Perchlorate Destruction in Aqueous Waste Streams," Second  
Award is still pending.

**ALSO OF INTEREST:**

"National Assessment of Perchlorate Contamination Occurrence," Award to Hsiao-Chiu Wang  
of the Metropolitan Water District of Southern California with Montgomery Watson.
